SUMMARY

MERN Stack Web Developer proficient in MongoDB, Express.js, React, and Node.js. Skilled in building responsive, dynamic, and scalable web applications with strong focus on clean code and user experience.

Education

Uttrakhand Technical University

B-Tech in Computer Science Engineering (AI-ML)

Sep. 2022 – July 2026

Roorkee, Uttrakhand

Experience

IBM-Training (Data Science)

Software Engineer Intern

April 2023

Roorkee, Uttrakhand

- Completed IBM Training in Data Science with hands-on project experience.
- Worked with Python libraries NumPy, Pandas, Matplotlib, and Scikit-learn.
- Performed data analysis, visualization, and machine learning model building.
- Gained practical experience in solving real-world classification and prediction problems.

Projects

E-commerce Website (MERN Stack) |

July 2024

- Built a full-stack web application using MongoDB, Express.js, React, and Node.js.
- Implemented user authentication, product catalog, shopping cart, and secure checkout.
- Designed a responsive UI for smooth user experience across devices.
- Integrated RESTful APIs for product management and order processing.

AI-Powered Interview Platform | MERN Stack

June 2025

- Developed an AI-powered interview platform that analyzes candidate resumes and conducts personalized Technical and HR interviews using AI.
- Implemented resume parsing with PDF.js and AI-driven question generation to create candidate-specific interview sessions.
- Built an AI evaluation system that analyzes communication, confidence, correctness, and overall performance, providing scores on a 1–10 scale.
- Created an interactive performance analytics dashboard with graphical insights and downloadable PDF interview reports.
- Integrated voice-based interview interaction, JWT authentication, Google OAuth/Firebase, and Razorpay payment integration into the full-stack application.

Technical Skills

Languages: C, PYTHON, , HTML/CSS, JavaScript, SQL

Libraries/Frameworks: React.js, Express.js, Node.js, MongoDB, Bootstrap, Tailwind CSS, Pandas, Matplotlib, Numpy

Developer Tools: VS Code, Jupiter, Cursor, Github

Certifications

Python 101 For Data Science-Training Program by IBM

April 2023

- * Completed Python 101 for Data Science – Online Training Program by IBM.
- * Gained foundational knowledge of Python, data analysis, and visualization using NumPy, Pandas, and Matplotlib.

Soft Skill

- * Strong communication and team collaboration abilities.
- * Skilled in problem-solving with a focus on critical thinking.
- * Highly adaptable and quick to learn new tools and technologies.
- * Effective in time management and maintaining attention to detail.
